## FROM THE HORSE'S MOUTH: What Our Competitors are Saying!

"I love this venue – it's maybe my favorite showgrounds in the world to show – but it's great for the horses to get to come and ride in a stadium with an atmosphere like this. It's really fun."

Adrienne Lyle

"I think the arenas are phenomenal. It's an equine area, so you get a lot of great fan support and the facility has a lot going for it. It's a beautiful part of the country with great people, so it's hard not to enjoy your time there."

McLain Ward

"It's always a lot of fun to ride here. The venue is just very nice. Footing is a really big thing for me, and I like the way they [my horses] land with some cushion. It's a professional's show! They do it right here."

Julie Curtin

"Every part of what TIEC does makes you feel special – whether you're there for a national horse trials, a B-rated Hunter/Jumper show, or the 5\* week. Tryon gives you that championship feeling all the time."

John Michael Durr

"Number one, the barn facilities are the best I've ever seen at a show facility – the safety of the barns – it's all top, top class. There's no question that the venue is just absolutely gorgeous."

Misdee Wrigley-Miller

# THE SPECTATOR'S GUIDE

## To Equestrian Competition

### HUNTER/JUMPER HORSE SHOWS

A Hunter/Jumper horse show is a three to five-day event made up of many mini-events that take place in the show rings each day, called classes. There are three main class categories: Show Jumpers, Hunters, and Equitation. Classes are further subdivided by rider age and experience level, skill of the horse, size or age of the horse or pony, etc., all of which determine what size and type of a fence the horses and riders will jump.

### HUNTERS

Hunt seat competitions are based upon elegant traditions arising from the foxhunt. Hunters differ from Jumpers because they are judged on the style, movement, and technical proficiency of the horse and rider within the constraints of the set course design. Hunters should display jumping ability, manners, style, an even pace, and quality.

### EQUITATION

Equitation competition is offered for junior and amateur riders and is judged based on the style and form of the rider. Horses are not judged in this discipline, but successful riders will ensure that their horses are well behaved. Riders can be judged over fences or on the flat.

### GRAND PRIX SHOW JUMPING

Jumping is the best-known and is also one of the three Olympic equestrian sports, along with Dressage and Eventing. As in all equestrian sports, men and women compete on equal terms. Grand Prix Show Jumping is the highest and most challenging level of Jumping competition. Riders compete over a set course of obstacles as tall as 1.60 meters (5.25 feet) in height. They must clear all of the fences without knocking down a rail and within the time allowed in order to return for the second round, also known as the "jump-off," and be the fastest with the least faults to win.

### GUIDE TO SHOW JUMPING SCORING

Penalties in Show Jumping competitions are referred to as "faults." Knocking down a rail or a pole on a jump is 4 faults, as is putting a foot in the water jump or the first refusal. In Table II jumper classes, falls and going off-course result in elimination, as does a second refusal.

#### Show Jumping Faults and Penalties:

- Knocking over a jump: 4 faults
- Refusing a jump: 4 faults
- Two refusals: Eliminated
- Rider falls off: Eliminated
- Over the time allowed: 1 fault for every second or portion thereof over the time allowed

### CONCOURS DE SAUT INTERNATIONAL - CSI

CSI is the ranking system for Show Jumping. CSI is broken down into a starring system, with higher prize money the higher number of stars: e.g. CSI 5\* prize money is over \$300,000. CSI-W is a Show Jumping World Cup competition.

### DRESSAGE

Dressage is a competitive equestrian sport, defined by the Federation Equestre Internationale (FEI) as "the highest expression of horse training." The rider will be relaxed and appear effort-free while the horse willingly performs the requested movement. In modern Dressage competition, successful training at the various levels is demonstrated through the performance of "tests," which include a prescribed series of movements ridden within a standard arena. The Freestyle is specially choreographed and performed to music.

### CONCOURS DE DRESSAGE INTERNATIONAL-CDI

CDI notes the ranking system for Dressage with the same starring system as for Show Jumping.

### PARA-DRESSAGE

Para-Dressage is conducted under the same basic rules as conventional Dressage, but with riders divided into different competition grades based on functional abilities. There is no greater evidence of the incredible bond, trust and communication between horse and rider than in Para-Dressage. This Paralympic sport is a humbling reminder of the strength of the human spirit.

### EVENTING

Eventing, one of the three Olympic equestrian disciplines, is a formidable combination of Dressage, Cross-Country, and Show Jumping, done over two or three days and with the same horse for each phase of competition. Often known as the triathlon of the equestrian world, Eventing is a sport that tests both the horse and rider in all aspects of horsemanship and athleticism.

### DRIVING

Like the sport of Eventing, but with a horse-drawn carriage, the sport of Driving tests a handler's skills over three phases - Dressage, Marathon, and Cones - in Singles, Pairs, and Four-in-hand divisions. This sport demands horse-and-driver communication, finesse, and teamwork through three challenging phases of competition.

### MOUNTED GAMES

Often set up in relay race formats, this fast-paced sport emphasizes horsemanship, balanced riding, teamwork, precision, and speed! Mounted Games events usually feature but are not limited to junior riders and ponies. From balloon popping to egg-and-spoon relays or pole bending, horse-and-rider pairs need to work together through multiple tests to come out on top.

### FEI

Fédération Équestre Internationale (FEI) is based in Lausanne, Switzerland and is the governing body for all Olympic equestrian disciplines.

## EQUINE SIMULATOR

### For Those Who Love Learning

TIEC offers training on the world-class equine simulator invented by Racewood Equine Simulators. Instructor Barbro Ask-Upmark is a USDF Gold, Silver and Bronze medalist, providing onsite instruction to novice and professional riders alike in Dressage or Jumping. Private lessons are available by appointment only.

With three big interactive screens and new, cutting-edge technology, this Simulator is the first and only one in the world that can do EVERYTHING! Ride on a lifelike “horse” that is 100% obedient, responding to your seat, legs and hands, for a great ride every time.

With the instructor standing next to you, you are able to perfect your seat and posture in all gaits, connection to the bit, and your aid precision in all movements. This “horse” performs great, realistic piaffe and passage, and also can jump a Show Jumping course or go Cross-Country!

On the Simulator, your riding will greatly improve in a very short period of time, using exciting flight simulation technology to replicate the movement of a 15-hand horse.

Whether performing intricate Dressage steps, clearing 1.2m fences in a Show Jumping arena or on a fast-paced Cross-Country course, this “horse” can do it. Book your private session today!

For reservations and inquiries, please email [baskupmark@tryon.com](mailto:baskupmark@tryon.com) or call 831.596.4999. Visit [www.Tryon.com](http://www.Tryon.com) to learn more.

## AMERICAN HOBBY HORSE SERIES

### For Kids Who Love Horseless Horse Showing

A favorite at TIEC on Saturday nights in July and October, competitive hobby horsing originated in Finland and has more than 10,000 active participants around the globe. Open to any participants under the age of 14, all that’s required for this horse-less sport is a hobby horse, a toy consisting of a stick with a horse head that participants “ride.”

### HOW DOES IT WORK?

Riders 4 to 14 complete a course of jumps with their hobby horse, scored for time, and will incur one fault for every rail knocked down while on course. The top eight placing participants will be awarded ribbons for each division, and special awards will be given throughout the event.

### DIVISIONS AVAILABLE:

- Ages 6&U: Cross-rails; 18in.
- Ages 7-8: Cross-rails; 18in.
- Ages 9-11: 18in; 2ft.
- Ages 12-14: 2ft.; 2ft. 6in.

### HOW DO I SIGN UP?

Visit [www.Tryon.com/hobbyhorse](http://www.Tryon.com/hobbyhorse) to learn more and register. Participants MUST register online by 12:00pm on the day of competition to be eligible to compete for prizes.
